

Dear user,

We have identified a potential risk of use in some units of our model Minitube. This risk is limited to the units of "WEED COGOLLOS" printing series – code MTM3B003UK.

It has been noted that using this lighter for an extended period of time in inverted position, some units could randomly show a short delay in extinguishing.

If you have one of the affected lighters, please contact us at **01268 662222** (Mon-Thurs 09:00-17:00, Fri 09:00-14:00) or info@clipperukltd.co.uk.
